Sunday School

Body of Proof by apologist Dr. Jeremiah Johnston, runs through the month of April. Culture is doing its best to convince the world there is nothing special about Jesus. And many Christians never get beyond a Sunday school understanding of their own faith. As a result, Christianity's most important historical fact—the resurrection—is often the most misunderstood, relegated to Easter and funeral services, creating a powerless Christianity.

The single most important fact of the Christian faith is that Jesus isn't dead. He was resurrected on a Sunday morning two thousand years ago. That one weekend included His execution, an earthquake, daytime darkness, an uprising, and a miracle unlike any the world had ever seen.

In this four-session Bible study taught by Ed Jobes, we'll look back on that incredible weekend and see why the resurrection of Jesus gives us hope and confidence today.

The Session has approved the collection of **emergency contact information** in case of a medical emergency at church. Filling out this form is strictly voluntary. They will be kept securely in the church office only to be accessed in the case of a true medical emergency. If you so desire, please fill out a form and place it in the offering box OR mail it to the church office. Forms are available in the sanctuary throughout the month of May. If you have any questions, please see an Elder.
